

Dawn C. Kanyuh

Senior Supply Chain Manager

INTEGRITY | LEADERSHIP | PROFESSIONAL DEVELOPMENT

Initiative-taking and purposeful senior leader with over 19 years of experience in global S&OP planning and supply chain management. Expertise in driving process improvements, leading cross-functional teams, and delivering high-impact projects. Proven history of leading change initiatives, optimizing supply chain processes, and exceeding performance targets. Expert at navigating ambiguity and implementing innovative solutions. Strong communicator with a commitment to operational excellence and sustainable growth.

AREAS OF EXPERTISE

- **Project Management:** Lead end-to-end project management, specializing in JDI, DMAIC, and AGILE methodologies.
 - **Supply Chain Leadership:** Global logistics, export operations management, strategic planning, procurement, and manufacturing planning.
 - **Process Optimization & Cost Reduction:** Supply chain innovation, operational efficiency, and achieved significant cost savings by establishing waste management tools.
 - **Cross-functional Collaboration:** Strong partner and stakeholder management, both internally and externally, to achieve strategic goals.
 - **Risk Management:** Development and implementation of risk mitigation strategies for projects and operations.
 - **Customer Excellence:** Focused on delivering the highest case-fill rates and superior service to direct and indirect partners.
 - **Digital Tools:** Expertise in O9, Tableau, Power Bi, OMP, SAP ERP, LLM's, DARTS and Python to enhance forecasting and improve supply chain visibility.
 - **Leadership & Mentorship:** Coaching and developing high-performing teams to deliver results in demanding environments.
 - **KPI Management & Reporting:** Creation of performance dashboards, goal setting, and tracking for key business metrics.
-

PROFESSIONAL EXPERIENCE

KRAFT HEINZ CORPORATION

Export S&OP Manager | Dec 2022 – Present

- Lead change initiatives within U.S. Exports, implementing O9 and OMP to optimize demand and supply cycle management, improving medium-to-long-term planning processes.
- Oversee a \$300M business, collaborating with 80+ supply planners, 75 plants & distribution centers, and managing 2,000+ SKUs.

- Achieved the highest case fill rate (98%) in the past five years through effective inventory management and initiative-taking risk mitigation.
- Drive global inventory management strategies to minimize loss risks, in partnership with U.S. supply teams, ensuring optimized capacity projections.
- Created and managed a project to reduce logistics and operations costs of supply from the US to global affiliates.

ECOLAB

Senior Supply Chain Manager, Global Marine | Jan 2021 – Sept 2022

- Directed global supply chain operations supporting \$60M in annual revenue, overseeing customer service, planning, logistics, and twenty-one domestic/international 3PL warehouses.
- Led the implementation of global supply chain strategies, ensuring on-time delivery of products and services to ocean cruise ships worldwide.

Program Manager II, Operations & Manufacturing Planning | Aug 2016 – Jan 2021

- Developed KPIs and strategies for managing excess and obsolete materials, mitigating future losses across U.S. and EU operations.
- Led the successful deployment of bulk chemical tank-level monitoring across Europe, resulting in enhanced forecasting and operational efficiency.
- Reduced excess inventory by \$2.8M within three months by establishing a new U.S. sales channel.

NALCO CHAMPION (An Ecolab Company) – Fresno, TX

Production Planning Manager | Jan 2014 – Jun 2016

- Led SAP integration for newly acquired business, improving interplant service levels by 38% YoY across North America.
- Reduced excess and obsolete inventory by \$900K through cross-functional collaboration.

Supply Chain Business Partner (Well Completions & EOR) | Jan 2011 – Jan 2014

- Developed and implemented supply chain solutions that supported billion-dollar commercial bids, contributing to a 37% market expansion.

International Logistics Analyst II / Logistics Analyst I | Jan 2006 – Jan 2011

- Executed the largest contract in company history for bulk chemical deliveries from the U.S. and Europe to Qatar Gas, by streamlining delivery of 2000MT of chemical on time in full.
